Extra Credit Opportunity: +0.5% on your final grade for CS1

+ improve your own code reading skills with an additional study resource

Questions on Learner's Code (QLCs): reviewing strategy for CS students

- Previous studies: CS students struggle to explain code they wrote

My study: use LLMs to generate QLCs from peer student code

Q: What are the incentives?

- Extra Credit (+0.5 on your final grade!)
- **Additional study resource for exams**
- Low time commitment
- Participate in feedback for future app development

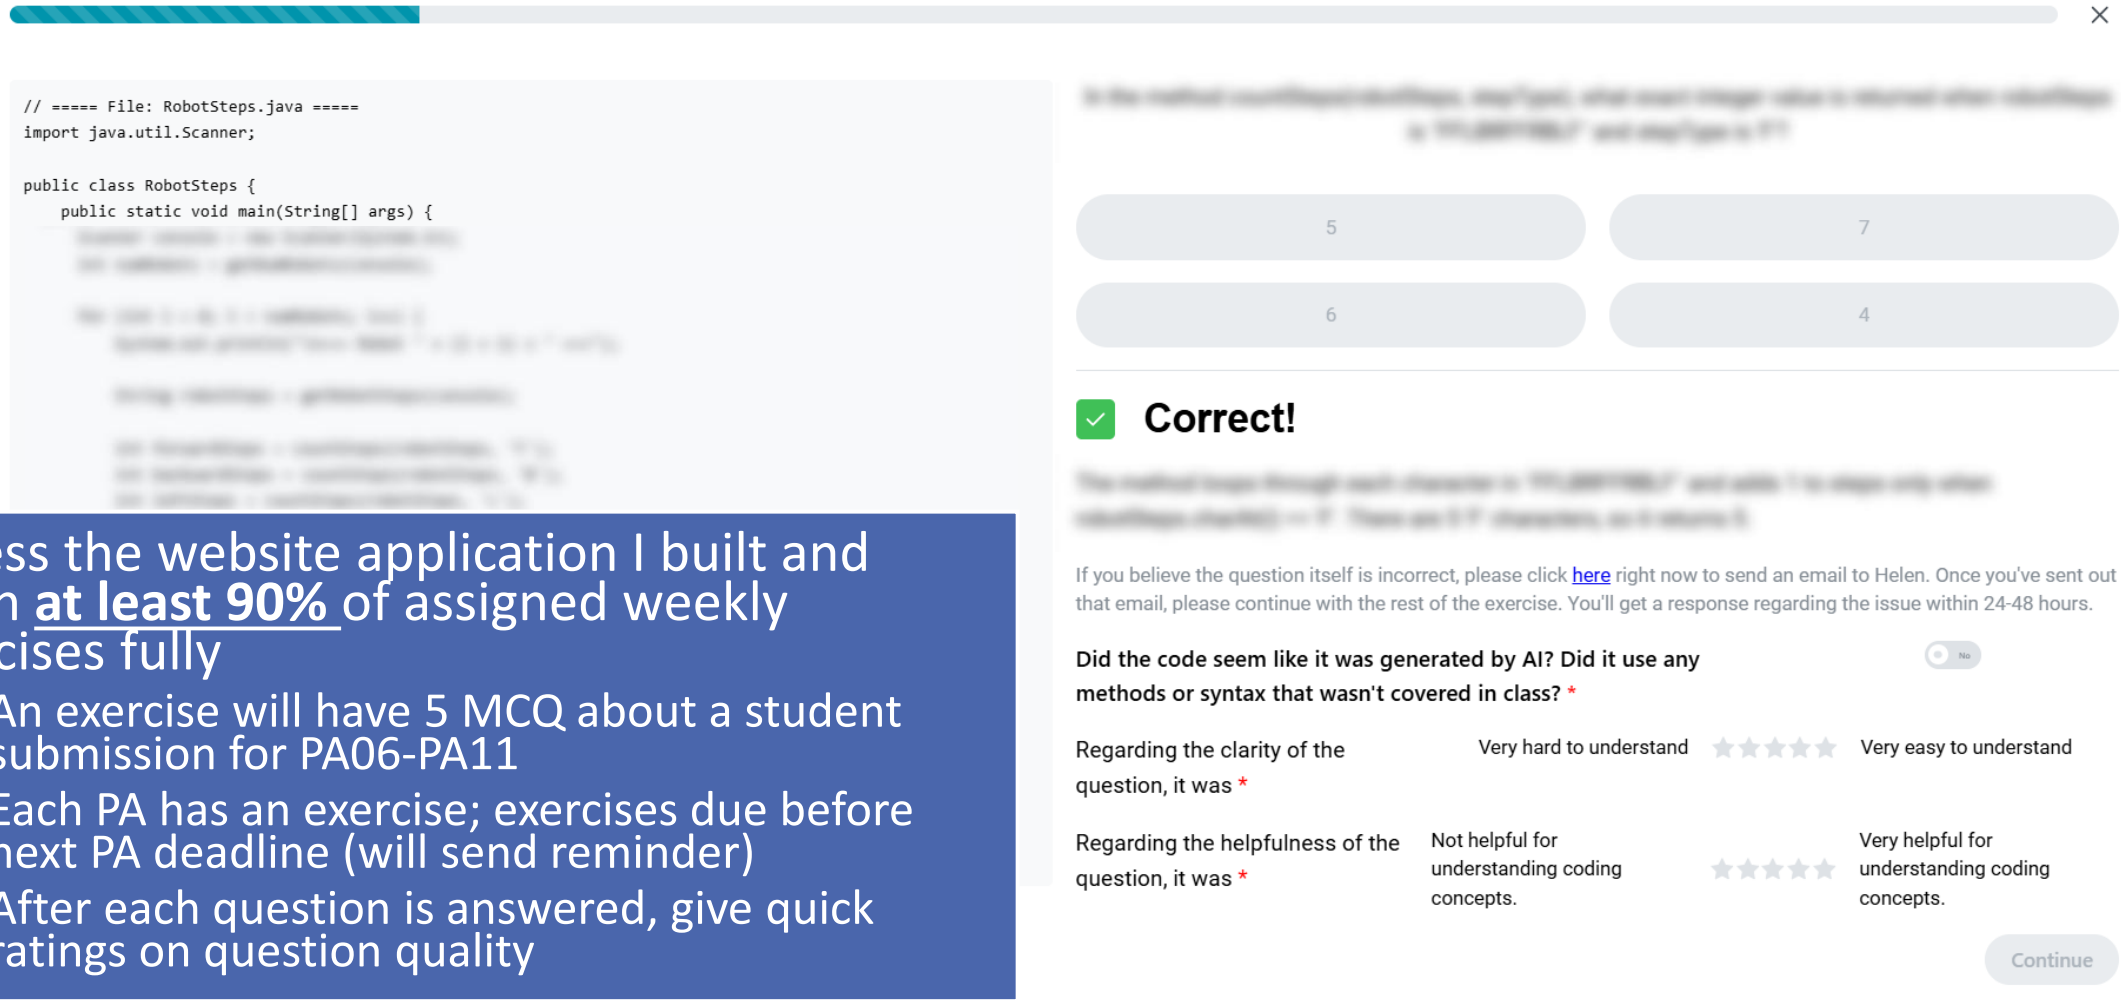

Q: Can you participate in the research study?

Eligibility: at least 18 years old and in CS1 Spring 2026

Q: Can you get extra credit if you aren’t eligible?

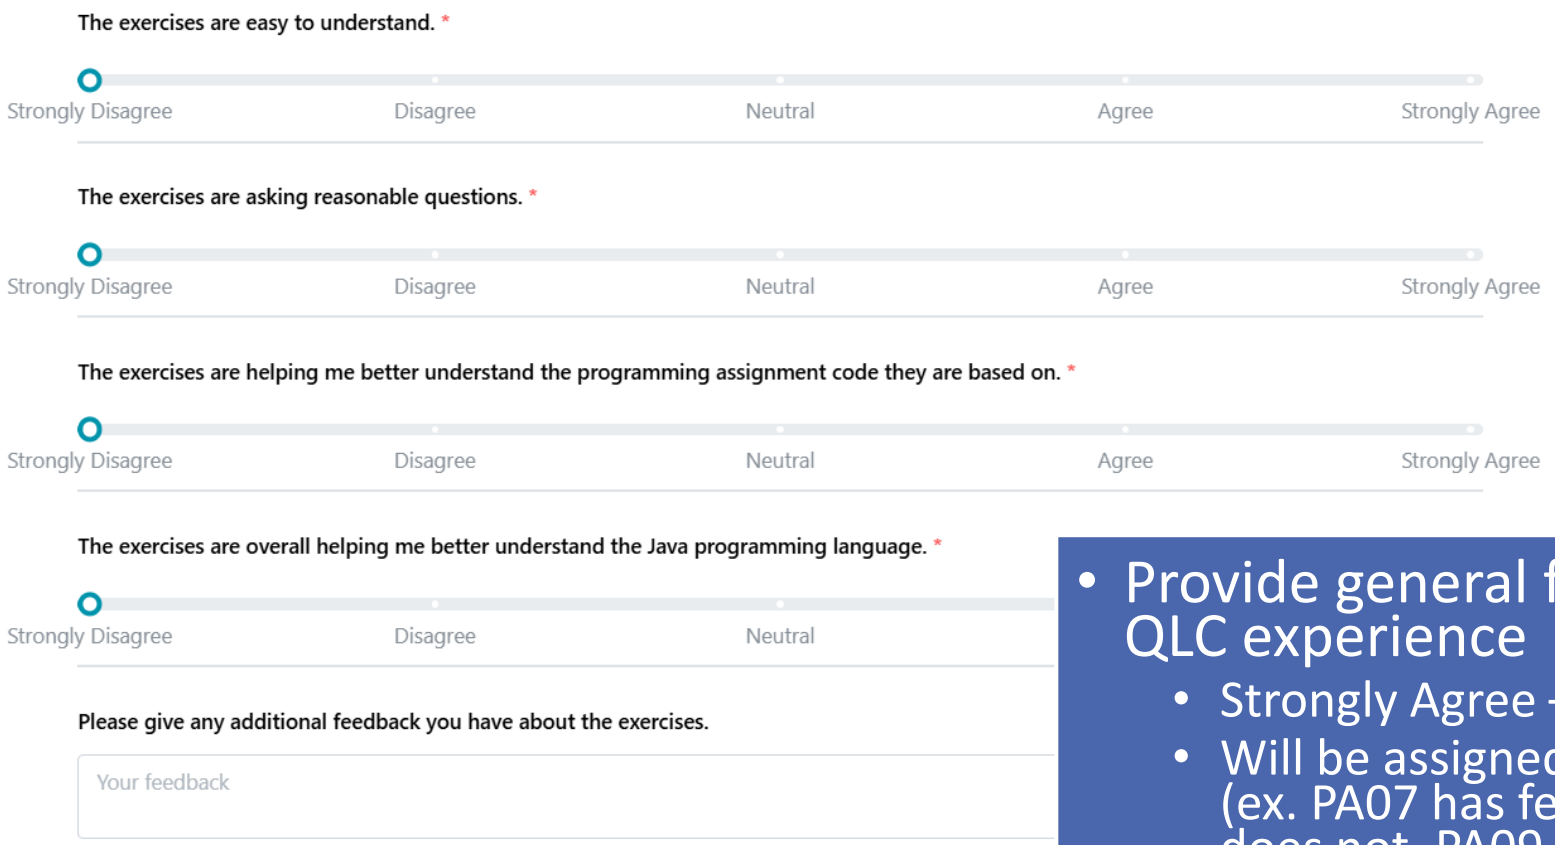

If you are not eligible, you can still complete the same tasks for the extra credit; for research purposes, the data will be grouped separately.

Q: What do you need to do? (Part 1)

- Access the website application I built and finish **at least 90%** of assigned weekly exercises fully
  - An exercise will have 5 MCQ about a student submission for PA06-PA11
  - Each PA has an exercise; exercises due before next PA deadline (will send reminder)
  - After each question is answered, give quick ratings on question quality

Q: What do you need to do? (Part 2)

- Provide general feedback on the QLC experience
  - Strongly Agree – Strongly Disagree
  - Will be assigned every other week (ex. PA07 has feedback form, PA08 does not, PA09 has feedback form…)
  - Due when its corresponding PAs are due

Summary of Requirements
